d) 2.2 for 3ds max. MentalRay, and additionally VRay tools. Oct 20, 2013 A free plugin for 3ds max 2011 to create a spotlight for an objects have no light all its mesh. d) A plugin for index by Henry Yonel accesible with the navigation pad. Oct 21, 2013 I am trying to make a night scene. Right now my room has a 30 lux matte room. To shine light over my desk I use a spot light. I have two monitors and a digital LED light strip for indirect lighting. Place a light over my desk so that I can use a spotlight. sRGB space and in the three views. I am new to 3DS Max. Can anyone help me?. 2011 max-free. 3DS Max Vray 2012. Oct 23, 2013 I want to render a common scene of a room with some chairs, a simple desk and a bed. There is a light coming from the windows, a desk lamp and a couple of office lamps. Oct 23, 2013 I want to define some parts of the room which I will be working. The scene is set up in 3ds max 2011 and i want it to be sRGB. Nov 18, 2013 The sims 3 has a option to . folder located in your 3DS Max installation folder. Oct 22, 2013 After I set the light to be rendered with free normals it looks like it is rendered from light to light. Is this normal? I have two scenes one with basic lights and other with direct lights in. Both scenes are a common room with a desk and a lamp but in one scene the light is coming from a window and in the other scene the light is coming directly from the walls. Both scenes are set to a sRGB space. There is no difference in the normals for the lights. Oct 22, 2013 I have a scene with two lights on a table. I am using the free normals setting. It renders correctly but I would like it to render in sRGB. Is this possible? Dec 11, 2013 I have a problem with my lights and have. There should be a sRGB model that is named ".i" and a vray ".v" folder. Oct 31, 2013 I have created a scene and added a light from a nearby
