4-rt18168eu-netgear-routers-fix-drive-error-msdos-partition-type-and-unused-disk-space.html EriC^^, did that IhrFussel: i found it on a forum, let me search for it EriC^^, i found it on the "meizi" forums too EriC^^, yeah there's this guy had the same problem I think he fixed it EriC^^, it's the most relevant thing I've found on google so far IhrFussel: you can try this so like i need to add something into my interfaces file or something? hello everyone! i have a newb question about Ubuntu, is it possible to edit a.deb to install as an executable instead of just as a .deb? i am trying to figure out how to allow a user to install this.deb as an executable instead of a .deb that they then have to click to run... m3n3chm0, you can use checkinstall pavlos, thank you, i am installing checkinstall... I was wondering if there was a program that comes with Ubuntu to do this... but that's not

Feb 18, 2014 - Click the Start button to start updating the Alcor flash drive firmware. Try all the programs in the folder before restoring the USB flash drive . Alcor AU6983 Driver USB Driver for Microsoft Windows Vista; Alcor AU6983 Driver. USB Disk Security is a program whose main task is to make your computer as secure as possible. It protects against all kinds of malware. In case they are detected, the program gives the user the opportunity to decide on their own what to do to eliminate the threat. Features: - Real-time protection with detection of all kinds of malware. - fffad4f19a
