We created the first iPhone and iPod Touch apps, with the app name "Stuck In The Mud". We created five apps and one website, and our apps have been downloaded over 10 million times. In the time since, Stuck In The Mud has been acquired by a large U.S. company and has since made several enhancements to its technology including an entirely new user interface and a brand new look. We continue to go to great lengths to give our users the best experience possible. Stuck In The Mud has developed an entire ecosystem of apps for the iPhone, iPod Touch and iPad. With over 20 titles currently available, our apps are available in the App Store for the iPhone, iPod Touch, iPad and Android devices. All of our titles are downloadable and available to be used on any Apple or Android device. Testimonials We have had a great experience working with the Stuck in the Mud guys. They have been very responsive in addressing all of our issues. The team has also been very helpful in providing i
