Shifting Focus: Why Yoga Is An Exercise for the Mind Not just the Body. Shifting Focus: Why Yoga Is An Exercise for the Mind Not just the Body. Last Updated on September 27, 2017 | Popularity: 4906 | Date: September 27, 2017 | By: Phetan Pehelwan. Yoga can be a physical or an exercise to improve overall body, mind, and soul. However, the main focus of yoga is mind. Because of this, it is recommended for people with medical issues like asthma, heart disease, or lung disease. Yoga is a wonderful tool that can improve anyone's life, because it can increase health, focus, and self-confidence. The main purpose of yoga is to make your mind more alert, so you can be in control of your body. It does not make you skinny, it makes you strong inside. Get more with MDN. You can avoid the shits and giggles you get from social media if you do yoga. I personally love to have a good balance of life, but I am not able to live it. I have too much pressure on my shoulders that makes me want to cry. When I do yoga, the tension on my shoulders goes away. I know that a lot of people go through the shits and giggles because of stress, but it will make you mentally stronger if you 2d92ce491b
