## Troubleshooting Sims 4 : Origin not running

How do I sign in to Origin? Right click Origin and choose Help. Click Troubleshooting. Click Add an Event and enter the following information in the text box, then click Add: Event Time Event Type Event: User not found Cancel You should now see the error listed in the text box again. So, when my roommate opens the window to play the game, the error message pops up again. Re: The Sims 4 Origin is not running. To fix this problem, do the following:

- Please upgrade to the latest version of Origin. If it does not work, download the Origin installation file and install it again. If this option does not work, try to download the Origin client from the Internet again. This client should be compatible with your computer. In the download window, do not just download the client application, but the complete Origin installation package, as this option is the most effective solution.
- You can uninstall the previous version of Origin and install the latest version of Origin again, that will open the game again. Re: Origin is not running This error message appears when your Internet connection is not available. Try to get rid of the message by checking again the compatibility with the latest version of Origin and try to download again the fresh version of Origin.
- This problem can happen when the game has been running for a long time. You must stop the game, and restart the game to get rid of this error.
- Close all the game tab and open the main page of the game, and click again on Play for the game to restart. On Windows XP, In the Start menu, select All Programs and open Origin. In the window that appears, select About Origin, and then click the Help button. Re: Origin is not running You might be missing the right document that allows you to open iTunes (and thus Origin) after the game has been closed. Go to %appdata%\electronics\iTunes . Origin not running trial on mac

1. Close Origin & open up App Store
2. Click the big blue arrow to the left of your Origin icon
3. In the top right hand corner click Open App
4. The App Store should open up, under the heading "Your Apps"
5. Click on the icon in the top left hand corner that says "Installed" The Sims 4

---

Feb 21, 2020 Installed the Sims 4 Maxis, Origin and all that but the game wont run in no way. I get the error: 'Unable to Start: Origin is currently not running.' I'm using Mar 11, 2020 I purchased a new computer. Games are downloading and installing fine. When I try to play a game it says 'Unable to start: Origin is currently not running.' Mar 19, 2020 Ever since I changed my operating system to MAC, I can't load my Sims 4 game. Error message of "Unable to start: Origin is currently not running." I have Aug 15, 2020 I have this error that I have no idea how to solve. I have all my games up-to-date, Origin and everything, but my Sim 4 games will not load. It gives me the error: "Unable to start: Origin is currently not running." Check the right side of this page for troubleshooting . Jul 23, 2020 For some reason I'm experiencing this error while trying to get the Sims 4: Cats & Dogs. I go through the installation, everything's ready and then it gives me the error: "Unable to start: Origin is currently not running." Aug 4, 2020 I'm having a similar problem with the Sims 4 Cats & Dogs today. I've installed EA Origin and gotten the game; however, once I run the game, the error says "Unable to start: Origin is currently not running." Jul 24, 2020 The Sims 4: Cats & Dogs is not working at the moment. It's giving me a "Sims 4: Cats & Dogs. Error: Origin is not running" error on every loading and every gameplay. Aug 5, 2020 My Sims 4 game has been "uninstalled" from my computer but "missing" from my Origin account. Therefore, whenever I try to load the game, it won't let me. Sep 25, 2020 So I installed a new Origin key for my Origin account, but it's still still there. Oct 12, 2020 I have my Sims 4 game installed, but when I go to play the game it gives me an error message: "Unable to Start: Origin is not running." I go to try to troubleshoot this issue and all I get is: "Origin . Nov 16, 2020 When I load the Sims 4 ba244e880a
