used to deploy OCS Inventory NG Agent for Windows. This tool is written in C# and does

System Requirements:

2GB RAM 16GB available hard drive space Mozilla Firefox with the Gecko rendering engine Mac OS X 10.6.5 or later The VLC Media Player with the GTK+ port is not yet supported. If you see "FLAC v1.2.2 support requires the libflac C library", just ignore that message. The player will continue to work. VLC's UI and libraries will not work without a few libraries, so you might want to make sure you have installed:
