## **MortalTech Browser Crack For Windows**

MortalTech Browser For Windows 10 Crack is a straightforward tool that allows you to easily navigate the Internet. The application allows you to access several websites simultaneously, by opening them in separate tabs. Moreover, you can easily manage the bookmark list, in order to save the most visited addresses in one place. Simple, yet reliable Internet browser MortalTech Browser is built with the Gecko technology, a powerful kernel which several popular browsers are based on. The tool is simple to use and reliable, allowing you to open multiple websites in separate tabs or windows. Its straightforward interface features simplistic tools, leaving the larger area of the window for website viewing. The basic functions are displayed as symbol buttons, at the top left corner of the window: Back, Forward, Reload, Stop and Homepage. While the homepage is not subject to change, you may add several URLs to the bookmark list and quickly select them from the designated window. Convenient navigation speed and browser usage MortalTech Browser enables you to view all the tabs you have opened in a designated bar, where you need only to click on them in order to visit the website. The address bar lies near the common function buttons and the additional tools menu can be opened from the button on the right. You may thus open or close tabs, prompt new browser windows or view the bookmarks list. You may easily remove bookmarks from the collection or add the current URL to the list. Moreover, you may access the Advanced Settings list, which displays all the currently used instances. View page properties MortalTech Browser can display data regarding the currently opened website, such as the source code and the page properties. Additionally, the program can import cache information from the default system browser, in order to make your navigation more convenient. While a simple, non-sophisticated program, MortalTech Browser is a reliable solution for Internet navigation. You can get it here: [Download Mortal Tech Browser Freedom360 Free Download](#) is the most wonderful and powerful software that can assist you to completely erase all the data stored in your hard drive with just one click and also removes all the malware and virus from your PC. Each person would like to have a spyware free PC, yet not all of them are lucky to have a perfectly clean PC. Spyware is actually a term that refers to little programs or tools that are applied to monitor your PC and record your activities, identity details, and also the personal files. The main reason why most of us are not happy with the interference of

## **MortalTech Browser Crack + Registration Code**
