---

Audition Adobe Audition is a digital audio and video editing program that offers editors high-performance tools for creating and managing audio and video projects. The Adobe Audition software features built-in tools that make it easy to preview, perform and adjust audio, video and metadata. Adobe Audition 1.5 can share multimedia projects and content with other Adobe products, or sync to the cloud. For complete control, users can also navigate, audition and manage projects through the online workspace. how things seem to get

---

hard for Eich. Also keep in mind that it's not like Firefox was a hotbed of crazy contributions where your work would be easily identifiable and draw unwanted attention. The difference in the age of the contributor makes that even less likely. ~~~ rgoulter >

Also keep in mind that it's not like Firefox was a hotbed of crazy > contributions where your work would be easily identifiable and draw unwanted > attention. The difference in the age of the contributor makes that even less > likely. The IMO most likely reason the contributor is male, and

---

they're over 35 (I'm not exactly sure), is that they're further up the age pyramid than most contributors: while the bulk of Firefox's contributors are younger than 35, I imagine that it's most of the women in that age category who are most likely
