Q: Play Video inside activity I'm developing an android app in which i need to play a video inside my activity, as of now the code i have is this :

```
public void onCreate(Bundle savedInstanceState) {
    super.onCreate(savedInstanceState); setContentView(R.layout.video_activity);
    if(savedInstanceState != null) {
        String videoPath = (String)savedInstanceState.get(KEY_VIDEO_PATH);
        if(videoPath != null) {
            Uri uri = Uri.parse(videoPath);
            PlayVideoActivity.this.setContentView(uri);
        }
    }
    // But this only show the video on a new activity and i want it to play the video inside the main activity, how to do it?
    // A: Use this to play video from web URL:
    URL url = new URL("");
    MediaController mediaController = new MediaController(this);
    mediaController.setAnchorView(videoView);
    videoView.setMediaController(mediaController);
}
```
