Profile: Screen resolution. Duration: Video file length (within limits of the selected codec). Resolution: Video screen resolution.

System Requirements For Mobiola Video Studio:

Windows XP, Windows Vista and Windows 7. Web Browser: Mozilla Firefox is recommended as default. However, it is not compulsory to use it. Exercise Application: Is a Sitemap Generator. It will help you to plan the sitemaps of your website to make them more user friendly. File Manager: As the sitemaps generator is an online application it uses Local File system of your computer. It means it will work only if you use a Local File system (Not Windows Network). To use File Manager to get access to the
