I have added the logic to allow the overlay to expand or contract on the phone. However, the map size is not expanding to cover the whole overlay. It's just not responsive. HTML: JavaScript: function initialize() { var mapCanvas = document.getElementById('map'); var mapOptions = { center: new google.maps.LatLng(53.5, -2.5), zoom: 15, mapTypeId: google.maps.MapTypeId.ROADMAP }; map = new

google.maps.Map(mapCanvas, mapOptions);
map.addOverlay(new MyCustomOverlay()); overlay = new
google.maps.OverlayView();
