We want to make sure that people who wish to continue learning can easily do so. We are looking at three ways to make this easy: 1. Pay as you go Because we have a fixed cost of £200/user/month that we have to cover and need to pay for our technology infrastructure that runs the platform, if you currently pay for membership in this way we are able to offer you a similar level of service at the same cost. However, we will not be able to migrate memberships from other providers to us unless they are due to renew. To do this we are able to move a small number of memberships at a time. We will be charging £100/moving/user/month (this includes VAT) for each movement. We hope that this will give you the time to go through the pro-active phase, which we're calling Exit, where you try to inform
