### **Fifa 22 Features Key:**

- HyperReal Player Motion Technology powered by the most complete, authentic data set ever offered in a football videogame.
- NEW Player Abilities: With new dribble system, new control options, new animations and new gameplay, players can use one button to perform more finesse-based moves than ever before in FIFA.

- 
- **The Squad: Love Creative Control:** Create and personalize your perfect team with the all new Ultimate Team Mode feature. Design more than 200 of the world's best players along with their kits, voices, celebrations and more. Every global club and national team is in the game to deliver the most authentic Ultimate Team experience.
  - **Proactive AI:** AI now has more control over individual player decisions, making each match against AI opponents feel more realistic.
  - **AI Responses:** When playing against a human opponent, AI teammates' on ball behaviours have been refocused to showcase a more realistic approach to pressing; all players maintain Dribbling with increased speed and recoveries from blocked shots.
  - **Rebounds and Overheads:** Deflections in the air and headers off the ground are more realistic because they can bounce as well as they travel; and in-swing of headers is now handled accurately, allowing for more goal-threatening opportunities.
  - **New Shot Impact:** Options for every shot at goal make sure we have the right setting for the place and position of every goalkeeper and every shot.
  - **Attack Timing:** The all-new attack system creates more options for players, like chipping over defenders by controlling with an off-ball run; or playing a pass from distance before kicking with the weaker foot. Players can also beat their marker by cutting inside, or score with precision passes or shoots over the dribble.
  - **New Tactical Defending:** Defenders now get more freedom to tackle closer to the player and to the ball. Next to the button to launch a tackle, unique animations and new reaction cues add more options for players to decide where to begin a tackle.

Pick your legends wisely in Ultimate Team, and build your dream squad of the best players in the world. Make your move with FUT Draft and trade, or test your skills in the new live draft mode. Online Experience Enhanced Online Performance - Computers have reached an age when they can accurately predict and control situations on the pitch. Now, in FIFA 22, you can use that same on-the-field intelligence to make sure your team never has a letdown. In addition, the live fast match update system has been completely redesigned, and will immediately display a predictive display in all live matches, providing more information to make better-informed decisions. New Live Player Match Experience - The player match experience has also been fully redesigned. The most common new features include a competitive match view for up to 100 matches at a time, predictive and “behind-the-play” views, a new overlay screen, improved crowd noises, and enhanced player animations. In Season Improvements - In this year’s FIFA, more than 50 improvements have been made to in-game elements that put you in control of your online experience. From new transfers to new mini-games to expanding the visual quality of kits, you’ll have more than enough ways to make the most out of your online experience. Legacy Seasons - Play season mode on

any of the 20 decades in the game, and your custom team will be able to compete. Although you can compete for trophies across multiple league competitions on both generations of systems, this is also the year that the FIFA community is getting the ability to jump leagues, competition, and year. But you'll only be able to switch leagues by getting a trophy on the last day of the previous league, by completing the championship final or by earning a trophy for your current season.

**In-Game Speed Optimization - FIFA 22** is the first FIFA to take advantage of the new network optimization system, which greatly improves the online performance. Whether you're participating in the latest online game or playing online with friends, the improvements are being introduced into FIFA 22 so that you can experience all of the features and functionality of this year's game at a faster pace.
