The first of the award-winning series of publications for youngsters, designed in. A new idea to encourage young ones to test their brains by challenging them with mathematical puzzles.INTRODUCTION I have a simple question. I love the flavor of my Banana Leaf, but I have noticed that as the bread gets a bit stale, it loses it's flavor. Because of this, I would really like to find a substitute. I know of banana nut bread but that's not what I'm looking for. Would anyone happen to know a good substitute? I would love to hear some of your suggestions. I would also love it if it could be made with whole wheat.

BANANA LOAF 2 c. flour 1/2 c. sugar 2 eggs 1/2 tsp. baking soda 1/4 c. shortening 1/4 c. butter 1 egg beaten 2 banana Mix flour, sugar, baking soda and salt. Add shortening and butter. Mix in egg and banana. Pour into greased 1 loaf pan. Bake at 350 for 35 minutes. I have tried the "Bananabread" and the "Mocha cake" too. Both of which are wonderful for baking. The Banana Bread had a wonderful flavor, but it was rather dry. The Mocha Cake however was moist and delicious. If anyone has any other favorite bananas bread recipes, I would love to hear about it. In the wilds of Northern Alberta, I grew up on a farm
