The Ultimate Beginner's guide to learning about  
Electronics Hey everybody! As you know, I'm the  
resident electronics wizard in my family, so that's  
part of why I've always been interested in it. So I  
figured, why not write a guide for beginners like  
me? In this video, we go over the basics of  
electronics in about 15 minutes followed by what  
a transistor is and why it is useful, and what the  
advantages and disadvantages of using  
transistors are! Get your free \$10 GC from

PowerPoint are required for creating your circuit diagrams. Suggested version: MS Office 2007/2010/2013/2016/2018. The latest edition of notepad++ is very popular now and available for download at our site. Today notepad++ 6.1.1 has been published. This is the smallest changes and bug fixes version that developers and users can get for notepad++. It is the ideal tool for the developers while the users can use it for programming as well as editing the code. While Microsoft is preparing the update that could possibly be the upcoming version of Windows 10 codenamed Blue and hence called Windows 10 1809, another version will land on the PC, this time with the codename Redstone 5. This version was in fact the previous version as a build 14393.3 on the Windows 10 Mobile and it was also the version that gave the codename RS4.

---

Windows 10 1809 will be the next generation version of Windows 10 that will take the latest Microsoft Edge browser, change the theme of the taskbar and tweaks to the Start Menu and Windows Explorer and also provide a new version of Windows Media Center. The Windows 10 Redstone 5 will offer a new Windows App Bar, improved Modern Edge performance, enhanced Cortana features, Microsoft Edge improvements and more. It will be a minor update but there is a possibility that it will offer new features. However, we cannot confirm it yet since the OS is still in the development stage. The Windows 10 1809 update was leaked few weeks ago and since then, a lot of information and details have surfaced about the upcoming release. Firefox Quantum is here and now with the latest version 50.1.0. The update includes a bunch of good features and
