14 official clubs are featured, including the San José Earthquakes, the LA Galaxy and the Seattle Sounders. FIFA 20 also introduced a new Over the Top (OTT) "Thin Film" camera, which produced amazing and realistic footage. New motion capture suits and a new bike were also included in FIFA 20. FIFA 20 will be available for PlayStation 4 and Xbox One as well as PC on Sept. 28th.Q: How to populate a list with strings values from a string array? How to build a list or array from a string array of "strings" with Java 8? For instance, I have this string array, which we can use as a list: List lists = new ArrayList(); lists.add("toto"); lists.add("titi"); lists.add("toi"); How to build a list from this string array, containing each "string" within the list, so that a result looks like that: List lists = new ArrayList(); lists.add("toto"); lists.add("titi"); lists.add("toi"); A: You can use Stream.of() as Arrays.stream(yourArrayString) .map(x->x) .collect(Collectors.toList()) Q: YARN application not able to deploy again I was using Hadoop 2.5 with YARN for some jobs recently. I did not delete the core-site.xml/yarn-site.xml files (just renamed the old file to "yarn-site.xml" and it seems to work fine now). The jobs were of size ~10GB, and all the files were being properly transferred to HDFS by the Map/Reduce tasks. But now the jobs are failing with the following error: A: Hadoop by default holds on to 15 (approx) number of attempts to be able to delete failed directory by comparing the timestamp. So, I just turned off this and the jobs have been successful. You can turn on this parameter by exporting the YARN.app.yarn-site-script-resolved-property in the hadoop configuration: export YARN.app.yarn-site-

More players, more game modes, more competition – just more of everything. FIFA is more intense, more beautiful and more fun than ever before. Build your dream team and take on friends and players around the world in the most authentic soccer experience to date. FIFA gives players the most immersive, realistic experience across stadiums, pitches, player movements and ball physics. There is no more talk of tactics, formations or 'spectacular' player skills. FIFA is the most realistic game on the planet, built on a foundation that can only be described as 'Football on Automatic'. Football on Automatic From pitch surfaces to player characteristics to athlete movements, FIFA is built on the game engine of Football on Automatic. This allows the game to decide what happens in a football match, setting up matches according to what's written in the game's script and refilling the pitch with the players you've selected. Your club's stadium is the next-gen version of your living room, and players feel more like your mates than ever before. The players on the pitch change from match to match, but your team changes with each season, as the game creates new players as you compete in tournaments or train over eight months. FIFA's player AI also changes from match to match, and can be seen in the number of players who run off the pitch every time you score. Play your way in FIFA FIFA and its platform technology are built to bring the game to the next level, delivering unparalleled authenticity and a more immersive experience that any player can try and match. Play how you want, play the way you want. From simple Pick and Play games, to rigorous AI matches, quick and dirty 5-on-5 action or full-featured 11-a-side contests, FIFA offers every kind of match style. Your Path to Glory There is no barrier to entry to the land of FIFA, with a wide range of skills available to help you progress. Start small and work your way up by taking part in events where you compete in smaller, more-or-less controlled games with friends. Co-operative games Compete against your friends or foes in events that take place over a series of matches. Play in Friends games against AI opponents or human players in 8-vs-8 full-scale multiplayer matches. Lead your club to victory in Manager games. League bc9d6d6daa

For more information, visit www.fifa.com.As noble a purpose as the Irish Diaspora serving the late Irish cardinal, you really have to see this to believe it. How gratifying, the homophile diatribe directed at Ireland being heard across the pond. Ireland remains the only country in which the majority refuse to legalize same-sex marriage by referendum. The majority, mind you. Come the revolution, however, and a somewhat ruthless and efficient regime will soon be in place. The following is the introductory paragraph from the background note to the video "Homophobia in Ireland." The Irish Diaspora is a great story
