He provides step-by-step tutorials to help you use each feature in Photoshop's Creative Suite 4. I personally thought that this book was one of the most useful because it is succinct, clear, and helpful. \* \_Photoshop CS4 All-In-One For Dummies\_ by Chris Grover (John Wiley & Sons, Inc.): An expert guide to the many features in Photoshop CS4. It's written from the point of view of a digital art graduate who knows the ins-and-outs of Photoshop. The book is a guide to the more advanced tasks, but it's presented in a manner that's easy to follow and not too daunting.
