It was a free copy that you could receive in the mail, and it wasn't really much like SimCity 5. I'm pretty sure that the jury is still out on whether or not SimCity 5 was a good game, but the iPhone and iPad version of SimCity 5: Multiplayer is an utter mockery of the game. What I think is interesting is that now that EA has the rights to the SimCity name again, they could potentially have a game that doesn't have any of the bad stories. EA and Maxis could actually re-invent SimCity in ways that bring it back to the public and make it a lot more fun. SimCity Online: a full-featured city building game with the online capabilities of the classic game. Build a huge metropolis from scratch, design impressive monuments, build a thriving economy and win the admiration of the players around the globe. SimCity 5 [New!] - SimCity 5 gives you the power to create the world's greatest metropolis. Shape your own destiny as you build the city of the future. Edit and customize existing cities or create brand-new ones to build your dream society. Build it, Simulate it! SimCity 5 includes the most advanced simulation engine in game history. You can design a city, from a single building to an entire region, then watch your city come to life before your eyes. Build your dream city with the SimCity 5 Complete Edition. Besides the game, which includes all the major cities, there will be exclusive building plans for Cairo and Paris. 5ec8ef588b
